

To develop higher education and entrepreneurship to empower young ambitious people to lead their conflict affected societies into prosperity

Sinds 1 mei 2008

Dit willen we oplossen

The socio-political landscape in the MENA and Sub-Saharan regions continues to be affected by ongoing disputes and political unrest, which endangers the livelihood of young ambitious people.

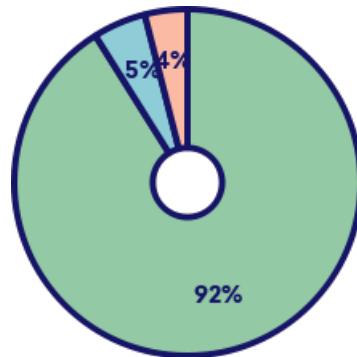

Dit is waar we trots op zijn

SPARK provides access to higher education to refugee and vulnerable youth in the Middle East region; to date, SPARK has awarded more than 10000 scholarships to youth for pursuing their higher education studies.
